# About us

Shenzhen Orangehome Housewares Co., Ltd. has been a leading manufacturer of small household electrical appliances, such as Oven, Blender, Coffee maker, Electric kettle, Sandwich maker, Juicer, Food processor, Food mixer, Food Chopper, Toaster and other related products. We hope we could help our customers to realize one-stop purchasing and make end users enjoy the superior quality of our products.

To increase our competitiveness and strength, Orangehome deployed the diversification of business range and invested a lot in design and R&D. Some of our product designs have gained award from China Industrial Bureau. A 46,000-square-meter new factory has been finished with more than 500 total staff members. There are over 10 production lines which can meet the large-quantity orders and fast delivery.

Orangehome attaches special importance to product quality, implements the quality standard of ISO9001:2008 from the sourcing of raw materials, production, testing, marketing and after-sales service to overall quality control, and has been certified by CE, CB, RoHS, LFGB, SASO and UL.

Orangehome always follows the rhythm of "market, creativity" and is dedicated to household product field. Orangehome started our business in international markets from Sep, 2005, and our products have been exported to Europe, North America, Oceania and Southeast Asia. With our company's good credit and excellent service, we won trust and reputation from all customers all over the world.

Orangehome will further develop the sales channel around the world. Business partners are welcomed to join us! We are ready to provide more advanced technology, novel design and wonderful service to you!

Orangehome makes home warmer!

**Model: 4655**

- 5 button switch: 3 speed setting and 2 stop control
- 1.25L glass jar
- Power: 450-800Watt
- Ice crushing function
- Chrome plated housing
- 6 layers stainless steel blades

**Model: 4656**

- 1 speeds with pluse
- 1.25L glass jar
- Power: 450-800Watt
- Ice crushing function
- Black plated housing
- 6 layers stainless steel blades

**Model: 4657**

- 1 speeds with pluse
- 1.25L glass jar
- Power: 450-800Watt
- Ice crushing function
- Chrome plated housing
- 6 layers stainless steel blades

**Model: 4675**

- 5 button switch: 3 speed setting and 2 stop control
- 1.25L glass jar
- Power: 450-700Watt
- Ice crushing function
- Stainless steel housing
- Stainless steel blades

**Model: 4650**

- 12 speed with pulse function
- 2.2L glass jar
- Power: 450-700Watt
- Ice crushing function
- Separate parts, easy to use
- Stainless steel blades

**Model: 4659**

- TACT SWITCH
- 1.5L glass jar
- Power: 750Watt
- Ice crushing function
- 3 speed with low and fast pulse function
- 6 stainless steel cutting blades

# BLENDER

## Model: HB-316

- Power: 600Watt
- 1.8L glass jar
- 2 speed with pulse function
- Blue LED light around the switch
- Stainless steel body
- 6 layers stainless steel blades

## Model: HB-306S

- Power: 500Watt
- 1.5L stainless steel jar
- 2 speed with pulse function
- Ice crushing function
- Stainless steel body
- 6 layers stainless steel blades

## Model: HB-306

- Power: 500Watt
- 1.5L glass jar
- 2 speed with pulse function
- Ice crushing function
- Stainless steel body
- 6 layers stainless steel blades

## Model: HB-309

- Power: 500Watt
- 1.5L glass jar
- 2 speed with pulse function
- Ice crushing function
- Stainless steel base with red painting color
- 6 layers stainless steel blades

## Model: HB-106

- Power: 450Watt
- 1.5L glass jar
- 2 speed with pulse function
- Ice crushing function
- Stainless steel body
- Stainless steel blades

## Model: HB-106P

- Power: 450Watt
- 1.25L plastic jar
- 2 speed with pulse function
- Metal drive pin
- Stainless steel body
- Stainless steel blades

**Model: HB-304**

- Power: 500Watt
- 1.5L glass jar
- 5 speed with pulse function
- Ice crushing function
- Stainless steel body
- 6 layers stainless steel blades

**Model: HB-006**

- Power: 450Watt
- 1.5L glass jar
- 5 speed with pulse function
- Ice crushing function
- Black or any other color body
- 4 layers stainless steel blades

**Model: HB-160B**

- Unique piano button switch
- Power: 450Watt
- 1.5L glass jar
- Ice crushing function
- 10 speed settings with pulse
- Detachable stainless steel blade

**Model: HB-130**

- Power: 300Watt
- 1.5L plastic jar
- Plastic body with silver painting
- Removable filling cap
- 4 speed settings with pulse
- Stainless steel blade

**Model: HB-302**

- Electric conical burr coffee grinder
- Coffee Bean tank Capacity: 200g
- With Conical grinder system ,10 Settings from Coarse to Medium to fine
- Power: 200 Watt
- Grind 4-12 cup of coffee with quality control Knob
- SS Round Blade winch plate  
(Strongly and precisely )

**Model: HB-301**

- Power: 700Watt
- 2 in 1 blending & grinding
- 1.5L glass blender jar
- 1.2L S/S grinding bowl
- New popular design
- 2-speed rotative switch with pulse function

# BLENDER

## Model: HB-130B

- Power: 300Watt
- 1.5L plastic jar
- 2 speed with pulse function
- White plastic body
- Ideal for fruit vegetable blending
- 4 layers stainless steel blades

## Model: HB-305

- Power: 400Watt
- 1.5L plastic jar
- 2 speed with pulse function
- White plastic body
- Ideal for fruit vegetable blending
- 4 layers stainless steel blades

## Model: HB-166K

- Power: 450Watt
- 1.5L plastic jar
- 4 speed with pulse function
- Green plastic body
- Ideal for fruit vegetable blending
- 4 layers stainless steel blades

## Model: HB-188KT

- Power: 300Watt
- With three set of unbreakable BPA Free jar (600+600+400ml)
- Mini blender with travel bottle
- Pulse speed control
- White,Black,Blue or Green color
- 4 layers stainless steel blades

## Model: HB-450B

- 5 in 1 Functions:Blender, Chopper, Mixer, slicer, shredder
- Power: 800Watt
- 1500ml Processing bowl
- 600ml measuring cup
- 8 speeds operation
- Stainless steel rod

## Model: HB-440F

- Power: 400Watt
- 2 speeds operation
- Detachable S/S or plastic rod
- Optional accessories:
  - 1) 500ml Beaker
  - 2) Egg whisk
  - 3) 600ml chopper bowl

**Model: HB-440KA**

- Power: 1000W, DC motor
- 2 speed with speed control
- Detachable stainless steel rod
- Optional accessories:

  - 1) 500ml Beaker
  - 2) Egg whisk
  - 3) 600ml chopper bowl

**Model: HB-440KB**

- Power: 1000W, DC motor
- 2 speed with speed control
- Detachable stainless steel rod
- Optional accessories:

  - 1) 500ml Beaker
  - 2) Egg whisk
  - 3) 600ml chopper bowl

**Model: HB-440C-2**

- Power: 800W, DC motor
- 2 speed with speed control
- Detachable stainless steel rod
- 3 in 1 Functions: Blender, Chopper and Mixer:

  - 1) 500ml Beaker
  - 2) Egg whisk
  - 3) 600ml chopper bowl

**Model: HB-450B-1**

- Power: 800W, DC motor
- 2 speed with speed control
- Detachable stainless steel rod
- 3 in 1 Functions: Blender, Chopper and Mixer:

  - 1) 500ml Beaker
  - 2) A pair of Beaters and hooks
  - 3) 600ml chopper bowl

**Model: HB-440C**

- Power: 800W, DC motor
- 2 speed function
- Detachable S/S rod
- 3 in 1 Functions: Blender, Chopper and Mixer:

  - 1) 500ml Beaker
  - 2) Egg whisk
  - 3) 600ml chopper bowl

**Model: HB-440C-3**

- Power: 800W, DC motor
- 2 speed with speed control
- Detachable S/S rod
- 3 in 1 Functions: Blender, Chopper and Mixer:

  - 1) 500ml Beaker
  - 2) Egg whisk
  - 3) 600ml chopper bowl

# FOOD CHOPPER

## Model: HB-360G

- Power: 350Watt
- 2 liter or 1.2 liter glass bowl
- 2 speed function
- High quality 2-layer S/S blades
- Safety system prevents access to blades when in operation
- Stainless steel body

## Model: HB-360H

- Power: 350Watt
- 2 liter glass or S/S bowl
- 2 speed function
- High quality 2-layer S/S blades
- Safety system prevents access to blades when in operation
- Stainless steel body

## Model: HB-360NS

- Power: 400Watt
- 3 liter S/S or glass bowl
- 2 speed function
- High quality 2-layer S/S blades
- Safety system prevents access to blades when in operation
- Stainless steel body

## Model: HB-365B

- Power: 350Watt
- 2 liter plastic or glass bowl
- 1 speed function
- High quality 2-layer S/S blades
- Safety system prevents access to blades when in operation
- Plastic body

## Model: HB-460J

- Power: 100Watt
- DC motor
- Processor capacity: 0.35L
- 1 speed function
- High quality S/S blades
- Double lock design for safe operation

## Model: HB-460G

- Power: 100Watt
- DC motor
- Processor capacity: 0.35L
- 1 speed function
- High quality S/S blades
- Double lock design for safe operation

**Model: HX-121**

- 6 liter stand mixer
- Power: 1400W motor
- 6 speed & pulse control
- Planetary rotation with anti-leaking design
- Accessories : Beater / dough hook / egg whisk / bowl cover

**Model: HX-105**

- 5 liter stand mixer
- Power: 1000W motor
- 6 speed & pulse control
- Planetary rotation with anti-leaking design
- Accessories : Beater / dough hook / egg whisk / bowl cover

**Model: HX-120**

- 7 liter stand mixer
- Power: 1500W motor
- 6 speed & pulse control
- Planetary rotation with anti-leaking design
- Accessories : Beater / dough hook / egg whisk / bowl cover

**Model: HX-123**

- 6 liter stand mixer
- Power: 1400W motor
- 6 speed & pulse control
- Planetary rotation with anti-leaking design
- Accessories : Beater / dough hook / egg whisk / bowl cover

**Model: HX-107**

- 5 liter stand mixer
- Power: 1000W motor
- 6 speed & pulse control
- Planetary rotation with anti-leaking design
- Accessories : Beater / dough hook / egg whisk / bowl cover

**Model: HX-130**

- 5 liter stand mixer
- Power: 1000W motor
- 6 speed & pulse control
- Planetary rotation with anti-leaking design
- Accessories : Beater / dough hook / egg whisk / bowl cover

# STAND MIXER

## Model: HX-125

- 6.5 liter stand mixer
- Power: 1400W motor
- With LCD screen
- 6 speed & pulse control
- Planetary rotation with anti-leaking design
- Accessories : Beater / dough hook / egg whisk / bowl cover

## Model: HX-101

- 5 liter stand mixer
- Power: 1000W motor
- 6 speed & pulse control
- Planetary rotation with anti-leaking design
- Accessories : Beater / dough hook / egg whisk / bowl cover

## Model: HX-123M

- 6 liter stand mixer
- Power: 1400W motor
- 6 speed & pulse control
- With meat grinder and 1.5L glass blender jar
- Accessories : Beater / dough hook / egg whisk / bowl cover

## Model: HX-130M

- 5 liter stand mixer
- Power: 1000W motor
- 6 speed & pulse control
- With meat grinder and 1.5L glass blender jar
- Accessories : Beater / dough hook / egg whisk / bowl cover

## Model: HX-99

- Power: 350Watt
- Stainless steel bowl: 3.2L
- 5 distinctive speed setting
- Adjustable bowl position
- Eject button for releasing beater & dough hooks
- Many colors for your choice

## Model: HX-322S

- Power: 300Watt
- Stainless steel bowl: 2L
- 5 distinctive speed setting
- Rotating bowl
- Eject button for releasing beater & dough hooks
- Silver painting body

**Model: HX-321S**

- Power: 300Watt
- Stainless steel bowl: 2L
- 5 distinctive speed setting
- Rotating bowl
- Eject button for releasing beater & dough hooks
- Silver painting body

**Model: HX-304**

- Power: 150Watt
- Stainless steel bowl: 2L
- 7 Speed setting
- Eject button for releasing beater & dough hooks
- Silver painting body

**Model: HX-04**

- Power: 100Watt
- The holder to hold the unit, beaters and hooks
- 5 Speed setting
- Eject button for releasing beater & dough hooks
- Many colors for your choice

**Model: HX-03**

- Power: 250Watt
- The holder to hold the unit, beaters and hooks
- 5 Speed setting
- Eject button for releasing beater & dough hooks
- Stainless steel body

**Model: HX-02**

- Power: 150Watt
- With a pair of beaters and hooks
- 5 Speed setting
- Eject button for releasing beater & dough hooks
- Many colors for your choice

**Model: HX-303T**

- Power: 250Watt
- With a pair of beaters and hooks
- 5 Speed setting
- Eject button for releasing beater & dough hooks
- With stainless steel rod

# HAND MIXER & SALAD MAKER

## Model: HX-014

- Power: 350Watt
- A pair of beaters and hooks
- 5 Speed setting
- Eject button for releasing beater & dough hooks
- Stainless steel body

## Model: HX-09

- Power: 100Watt
- A pair of beaters and hooks
- 5 Speed setting
- Eject button for releasing beater & dough hooks
- Any colors for your choice

## Model: HX-013

- Power: 350Watt
- A pair of beaters and hooks
- 5 Speed setting
- Eject button for releasing beater & dough hooks
- Stainless steel body

## Model: HA-103

- 80W Salad maker
- Function: Shredding, slicing, grating made easy
- 4 sets stainless steel blades
- Speed 175-195 RPM
- Detachable blade and food holder, easy to clean

## Model: HA-201

- Salad maker
- Power supply: 200W
- 5 inserts for a variety of results in any shape and size
- XL feeding tube
- Slicing, shredding and a Julienne disc for endless variation

## Model: HA-101

- Salad maker
- Power supply: 100W
- 5 pcs stainless steel blades
- Fast and easy to make your fresh salad
- Detachable blade and food holder, easy to clean

**Model: HJ-122B**

- Power: 500Watt
- Feeding Tube Dia:65 mm
- Pulp container: 1.5L
- 2 speed operation
- High quality stainless steel filter and blades will not rust
- Stainless steel body

**Model: HJ-122C**

- Power: 500Watt
- Feeding Tube Dia:65 mm
- Pulp container: 1.5L
- 2 speed operation
- Juicing Jar: 0.6L
- Stainless steel body

**Model: HJ-122W**

- Power: 500Watt
- Feeding Tube Dia:65 mm
- Pulp container: 1.5L
- 2 speed operation
- Juicing Jar: 0.6L
- Stainless steel body with red color painting

**Model: HJ-122M**

- Power: 800Watt
- Feeding Tube Dia:75 mm
- Pulp container: 1.5L
- 2 speed operation
- Juicing Jar: 1L
- Stainless steel body with red color painting

**Model: HJ-670**

- Power: 300Watt
- Capacity: 350ml(juice cup), 350ml(dregs cup)
- 2 speed with pulse function
- The powerful high-efficiency motor provide a noise-free operation
- Plastic body in different colors

**Model: HJ-107**

- Power: 300Watt
- Capacity: 500ml(juice cup), 650ml(dregs cup)
- 2 speed with pulse function
- The powerful high-efficiency motor provide a noise-free operation
- Plastic body in different colors

# POWER JUICER

## Model: HJ-122N

- Power: 800Watt
- Feeding Tube Dia:75 mm
- Pulp container: 1.5L
- 2 speed operation
- Juicing Jar: 1L
- Stainless steel body

## Model: HJ-122L

- Power: 800Watt
- Feeding Tube Dia:75 mm
- Pulp container: 1.5L
- 2 speed operation
- Juicing Jar: 1L
- Stainless steel body

## Model: HJ-122H

- Power: 1000Watt
- Feeding Tube Dia:75 mm
- Pulp container: 2L
- 2 speed operation
- Juicing Jar: 1L
- Stainless steel body

## Model: HJ-122E

- Power: 800Watt
- Feeding Tube Dia:75 mm
- Pulp container: 2.2L
- 2 speed operation
- Juicing Jar: 1L
- Plastic body in black color

## Model: HJ-122MF

- 4 in 1 juicer blender grinder
- Power: 800Watt
- Feeding Tube Dia:75mm
- 2 speed operation
- Stainless steel body
- With glass blender jar, chopper and grinder

## Model: HJ-122K

- 4 in 1 juicer blender grinder
- Power: 1200Watt
- Feeding Tube Dia:75mm
- 2 speed operation
- Stainless steel body
- With glass blender jar, chopper and grinder
